

wishes to speak on the motion to indefinitely postpone? If not, Senator Peterson, you are recognized to close.

SENATOR H. PETERSON: Mr. Chairman, members of the Legislature, I just would want to call your attention again to the fact that there are nineteen federally chartered savings and loans with two hundred and eighty separate locations and whether we like it or whether we don't, every single real estate person will be having an account in each one of those just because of the relationship of the loan and it just seems to me that what we are doing is asking almost an impossibility here. We've had separation of powers. We've had separation of trust and it seems to me that it has been reasonable and right and I'd just like to urge the body to kill the bill.
